OVERVIEW

OVERVIEW

The user can Log in/Sign up by simply typing his/her email. Also when signing up for the first time an option for choosing the preferred language will be available.

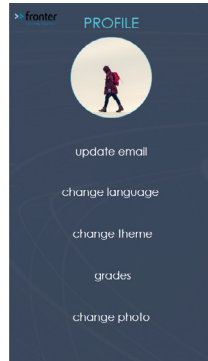

When logged in the user will see his/her profile image (if one was uploaded). The profile image will be clickable, so the user can change his/her preferences. On this main page the user can click on '**SUBMISSIONS**'.

When the user goes to the '**SUBMISSIONS**' he/she will be able to choose between '**UPCOMING**' or '**OVERVIEW**', where all of the previous projects will be visible and accessible.

When the user goes to the '**OVERVIEW**', the projects will be listed from the most recent downwards. The name and the date will be also visible. A '**FILTER**' and a '**SEARCH**' button will be also available.

When the user clicks on one of the project from the '**OVERVIEW**' section, he/she will be able to check all the details in regards to their submission (information, feedback, grade and a download option)

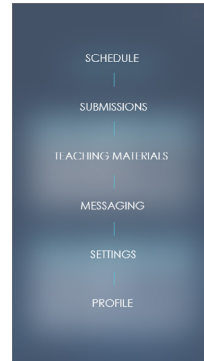

PROFILE PAGE

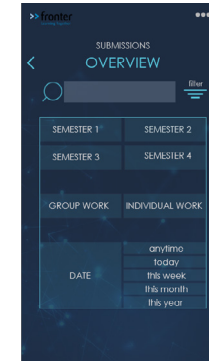

From the profile page few options will be available:

- email update
- add-ons
- language and location settings
- grades
- changing photo

BURGER MENU

FILTER MENU

The user will be able to filter his/her searched project by:

- semester
- date
- group work
- individual work
- key word search
